Soil Erosion Research Paper - EssayEmpire Globally, rivers contribute over 100 times more material than coastal erosion. In the British islands, for example, less than 5% of coastal sediments are from coastal erosion. Much of the material is periglacial in origin, moved in as a result of rising sea levels. As the sediment supply is therefore limited, many beaches are relict landforms. Environmental Issues With Coastal Erosion Free Essay Example News about Coast Erosion, including commentary and archival articles published in The
