Led by Scott Lowe and Nick Marshall, both VMware vExperts, the author team provides expertise that will prepare IT professionals to excel in using this virtualization technology. Mastering VMware vSphere provides what every virtualization professional needs

to know. Mastering VMware vSphere 5.5 by Scott Lowe, Nick Marshall ... Comparing this book to Mastering VMware Vsphere 4 (also from the same author), I found it better and easier to read, but this is just my personal opinion. Scott precisely explains each topic together with some examples. I would recommend this book to anyone who is new to vmware, wants to know new stuff in Vsphere 5 or is getting ready for VCP5.

In some cases, you may also find free books that are not public domain. Not all free books are copyright free. There are other reasons publishers may choose to make a book free, such as for a promotion or because the author/publisher just wants to get the information in front of an audience. Here's how to find free books

(both public domain and otherwise) through Google Books.

.
