FAQ | Jacksonville Window Tint and Window Films Scotchshield brand window security film, from 3M, is a clear multilayer polymer film that helps prevent against flying glass shards if glass is broken by a bomb blast, high winds or intentional damage. Instead of being propelled through the air as potentially lethal shards, the glass remains largely held in place by the film. 3M Window Films for Safety, Security and Energy Efficiency The adherence of any pressure sensitive window film to the interior surface of the glass will provide some protection against shattering of glass in the event of breakage. If the building is in an earthquake zone it is advisable to apply a Scotchshield Safety Film, which is

thicker, stronger, and specifically designed for this type of application.
